

# 36-0-0 IRON MIX

## GENERAL

**ENVY 36-0-0 Iron Mix** supplies two to three weeks of nitrogen and iron feeding when applied at one bag per two acres. The iron in **ENVY 36-0-0 Iron Mix** is chelated for availability in alkaline soils. A 3% concentration of L-amino acids is added to enhance nutrient uptake and turf resiliency.

## GUARANTEED ANALYSIS

Total Nitrogen (N) . . . . . 36.0%  
36.0% Urea Nitrogen  
Iron (Fe) . . . . . 2.10%

Derived from Urea, Iron DTPA

### Non Plant Food Ingredients

L-Amino Acids . . . . . 3.0%  
Derived from Protein Hydrolysates

## DIRECTIONS

**Read entire label...use as directed**

**Application rates and Timing:** An application rate of one 25 pound bag of **ENVY 36-0-0 Iron Mix** per two acres will supply 1/10th a pound of nitrogen per thousand square feet of turf. **ENVY 36-0-0 Iron Mix** may be applied in a range of 1 to 3 gallons of water per thousand square feet solution.

**Mixing:** **ENVY 36-0-0 Iron Mix** is completely water soluble. It may be tank-mixed with pesticides, growth regulators and wetting agents. However, a jar test is always recommended.

Add one half the required amount of water to the tank before diluting **ENVY 36-0-0 Iron Mix** in the sprayer basket. **ENVY 36-0-0 Iron Mix** will remain in solution with continual agitation.

## CAUTION

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat or skin. Avoid contact with eyes, skin or clothing. In case of contact with eyes flush with copious amounts of water. Consult your physician if irritation persists.

## STORAGE & DISPOSAL

Store in dry area away from water sources. Tightly close partially used bags. Do not reuse containers. Properly dispose of container in an approved manner. Check for local and state regulations regarding the proper disposal.

## KEEP OUT OF REACH OF CHILDREN
